

JACINDA BIETZ

Fort Collins, Colorado | 970-889-6028 | cinda.codes@gmail.com | linkedin.com/in/jacinda-bietz | github.com/CindaCodes

QUALIFICATIONS

- Computer Science student at Colorado State University concentrating in Networks & Security, with a 4.0 GPA in current coursework
- Hands-on programming experience in Python, Java, HTML5, CSS3, and JavaScript through coursework and an intensive coding bootcamp
- Strong foundation in protocol-driven, high-stakes environments through emergency medical and fire service work, translating to disciplined, procedure-first problem solving
- Proven track record of maintaining accuracy, confidentiality, and attention to detail when handling sensitive client and patient information
- Effective communicator and collaborator, experienced coordinating across teams under pressure and tight timelines

EDUCATION

Bachelor of Science in Computer Science | *Colorado State University, Fort Collins, CO* In Progress

Concentration in Networks & Security | GPA: 4.0 (current coursework)

Relevant Coursework: Python for STEM, Intro to Java Programming, Math for Computer Science I, Ethical Computing Systems, Linear Algebra for CS (in progress), Discrete Structures (in progress)

Coding Bootcamp Certificate | *SheCodes.io (Online)* Nov 2024 - May 2025

Full-stack web development fundamentals: HTML5, CSS3, JavaScript, React, and Git/GitHub workflows

A.A.S. in Fire Protection and Safety & Fire Administration | *Weatherford College, Weatherford, TX* 2011

Firefighter I & II Certification | Advanced EMT Certificate (Savannah Technical College, 2013)

EXPERIENCE

Advanced Emergency Medical Technician & Firefighter | *Excelsior Medical / Ludowici Fire Departments* Jan 2017 - Dec 2017

- Followed strict clinical and safety protocols while responding to time-critical emergencies, ensuring consistent compliance under high-pressure, high-stakes conditions
- Assessed rapidly changing situations and made structured, evidence-based decisions with incomplete information, applying a methodical troubleshooting approach
- Coordinated logistics and real-time communication across multi-person response teams, ensuring accurate information handoff between shifts and agencies

Certified Nursing Assistant | *Private Home Health Care* Jan 2017 - Dec 2017

- Handled sensitive patient health information with discretion and accuracy, maintaining strict confidentiality across diverse home environments
- Followed established health, safety, and hygiene protocols consistently to protect patient well-being

Receptionist / Office Assistant | *Seniors Helping Seniors* Jan 2020 - Feb 2021

- Managed digital scheduling systems and client records, ensuring data accuracy and organized, secure file-keeping
- Resolved client issues using clear communication and digital tools, maintaining consistent service delivery

Receptionist | *Pro Sports Therapy* Jun 2019 - Jan 2020

- Maintained accurate client records and coordinated communication across staff to ensure smooth, reliable service delivery
- Greeted and registered visitors and managed phone-based scheduling with consistent professionalism

TECHNICAL SKILLS

Languages: Python, Java, HTML5, CSS3, JavaScript

Concepts: Networking Fundamentals, Object-Oriented Programming, Discrete Structures, Linear Algebra

Tools & Practices: Git, GitHub, VS Code, Agile Development, Accessibility

Currently Expanding: Network security concepts, TypeScript, Docker
